EDITORIAL

Dear Colleagues,

We wish everyone a good start to the New Year.

Every new year is based on the previous one, every beginning in the past. 2022 was a year to be remembered in Europe, a year where the tragedy of war overshadowed, in parts, the economic, health and social crises. European Peace revealed its fragility, exposing social value vulnerability. The Western world in its "certainty" once more felt unprepared and surprised. Division, bitterness, pain, sadness and anger took over the past year.

Despite all of this, it was the first year out of the pandemic. We all tried to find our rhythms; our steps again. The years of the pandemic drastically changed our behavior, perspective and manner in which we work. In Ohrid we managed to meet with old and new FEPTO members again. Absences from the war zone and from quarantines reminded us of our obligations as Psychotherapists.

2022 was a year that brought us face-to-face with our Social and Psychotherapeutic roles. It was the year that prepared FEPTO for the upcoming changes taking place in 2023: Constitution, Bylaws, Elections.

Dear Colleagues, leaving behind a very intense and difficult year, yet too early to evaluate, let us wish for Peace and Health in 2023. Let's organize for all of us to meet in May, in Liège, after all proximity is an irreplaceable element in human relations. Also, we will celebrate the 30th Anniversary of FEPTO with the Belgian Organizing Committee. It is a very important year for our Federation.

We sincerely wish a Star on your path for 2023, enjoy your families.

A bright and creative year for FEPTO.

“SPONTANEITY AND CREATIVITY IN A TRANSFORMING WORLD.

30 YEARS OF FEPTO AND BEYOND”

The world is transforming. We are living in a period of multiple global challenges. In order to find common ground which respects human rights, democracy and diversity while minding nature and ecology, the world needs appropriate responses in balancing different powers, politics, cultures and traditions.

Spontaneity and creativity are basic to our existence and learning and particularly needed in moments of change. What do these essential elements of psychodrama and sociodrama mean in a transforming world? How do we warm up people, communities and societies to change and transformation so they can meet current global challenges? And how do we prepare and follow individual and collective action and find appropriate answers in order to address both personal and community needs?

30 years of FEPTO. FEPTO is a dynamic professional world of encounters and exchanges. Happy birthday, dear FEPTO! 30 years of developing psychodrama training, practice and research. 30 years of professionalism and international networking. 30 years of joy and friendship, but also of arguments, discussions and conflicts.

FEPTO needs to be adaptive and transformative as well. Spontaneity and creativity are necessary to further develop our professional body. Are you warmed up to it? Are you ready for common spontaneous and creative action? Join us in Liege/Belgium. You are very much welcome...

The Council.

“SPONTANÉITÉ ET CRÉATIVITÉ DANS UN MONDE EN TRANSFORMATION. *30 ANS DE FEPTO ET AU-DELÀ*”

Le monde se transforme. Nous vivons une période de défis mondiaux multiples. Le monde a besoin de réponses appropriées pour équilibrer les différents pouvoirs, politiques, cultures et traditions afin de trouver l'orbite commune pour un monde qui respecte les droits de l'homme, la démocratie et la diversité et qui prend soin de la nature et de l'écologie de notre planète.

La spontanéité et la créativité sont à la base de notre existence et de notre apprentissage et sont particulièrement nécessaires dans les moments de changement. Que signifient ces éléments essentiels du psychodrame et du sociodrame dans un monde en transformation ? Comment réchauffer les personnes, les communautés et les sociétés pour qu'elles se transforment et répondent aux défis mondiaux actuels ? Et comment préparer et accompagner l'action individuelle et collective afin de trouver des réponses appropriées aux besoins des personnes et de leurs communautés ?

30 ans de FEPTO. FEPTO est un monde professionnel dynamique, fait de rencontres et d'échanges. Bon anniversaire, chère FEPTO ! 30 ans de développement de la formation, de la pratique et de la recherche en psychodrame. 30 ans de professionnalisme et de mise en réseau international. 30 ans de joie et d'amitié, mais aussi de disputes, de discussions et de conflits.

FEPTO doit aussi être adaptatif et transformateur. La spontanéité et la créativité sont nécessaires pour poursuivre le développement de notre corps professionnel. Êtes-vous prêts à le faire ? Êtes-vous prêt pour une action commune spontanée et créative ? Rejoignez-nous à Liège/ Belgique. Vous êtes les bienvenus...

LETTER TO MEMBERS

Procedure of the Acceptance of the New Statutes

Dear members and colleagues,

The process of changing the FEPTO Statutes has gone on for several years and is now coming to an end.

During our last meeting in Dave, the discussion pertaining to changing the statutes that took place in Ohrid and during two on-line summer meetings finally came to a close. Comments were brought forth and remarks were analysed leading us to new proposals and the production of an official draft you may now find in the following pages.

Once more, kindly read it carefully and state your remarks and proposals, getting them back to us no later than the 31st of January 2023. We will then come up with the final version that will have to be voted on at the General Assembly at Liège in May.

Please mind: The Statutes we will vote on are written in English. There will be a French version as well, since FEPTO as an organization is subject to Belgian Law. From this official and legally binding French version there will be a notarized English translation. So, please, don't mind possible mistakes in spelling, correct writing or style.

COMMITTEE REPORTS

Training Committee report

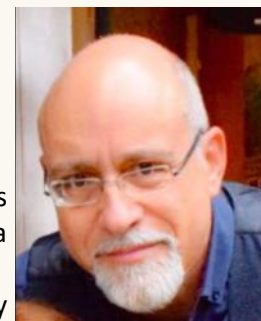

Dear Colleagues,

Six months have gone by since the institutes last meeting at the A.M. in Ohrid and preparations for the next one in Liege are already in progress. This year, like the previous one, seems to be a year of change and modernization for FEPTO.

As the anniversary for the foundation of FEPTO is drawing near, we are given the opportunity to reflect on the evolution and creativity designated to establish and recognize the Psychodrama Training program actions through time. During previous years, great work has been done to ensure the Training's quality and promotion. It is important for all the members Institutes to preserve this position and contribute to the Training's program need to adapt to the requirements and developments of Therapy, Practical Needs and "crises", as these have consolidated in our everyday life, while maintaining the Training programs reputation.

We are living through a period with many suggestions, trials and experiments on Psychodrama (and Psychotherapy in general). This enrichment, however, requires time for scientific results, cooperation and just competition. Moreover, the specificities of Psychodrama Therapy have to remain clear.

It is necessary to realize the Institutes needs regarding Psychodrama Training. Therefore, the Chair of Training attempted to create a permanent work team in Ohrid, where the needs, the difficulties in Training and how to make it more qualitative and efficient could be discussed. How can a good functioning level of trainers and supervisors be ensured? Which countries show an increase/decrease in Trainings ? What's happening? how we can help? We hope to prepare a good base for the small Training group in the next A.M.

Furthermore, I would like to invite the collaboration between institutes with the Research Committee and the Psychodrama World project regarding both trainers and students. This platform is significant not only for Psychodrama researchers and practitioners, but also trainers and students, as a Psychodrama Encyclopedia.

At this point, I would like to take this occasion to remind you about voting for the inclusion of the "20hours Research" in the minimum Standards of the Training. This decision is important since it will enable Thesis writing (which is essential for the final Certificate) and it will contribute to the scientific aspect of Psychodrama Training.

Dear colleagues, I'm always at your disposal. Please, do not hesitate to communicate with me through my email account.

I wish you all a smooth continuation of your work with inspiration and strength.

Kind regards,

Georgios Chaniotis

Third International Conference for Psychodrama with Children and Youth

Topic: Brain and Play

28.09 - 01.10 2023 • Plovdiv, Bulgaria

We would kindly like to welcome you to the

3rd International Conference for Psychodrama with Children and Youth

Understanding children's play is a serious science and an art at the same time. International psychodramatists working with children and teenagers have been gathering regularly for several years with the support of FEPTO. To learn and practice it requires constant reflection and exchange among experts. Especially in the difficult times of war and COVID-19, children and adolescents suffer the most and professional helpers have to adapt to the current challenges.

We would like to explore the connection between the brain and play in children, adolescents, and adults and to look into this from both directions – how the brain is shaped as a result of play, how the imagination is opened, and also the neurobiological mechanisms responsible for play and how the functions of play may relate to these neural substrates.

Exploring these processes leads to a deeper understanding of why we experience psychodrama as successful in the treatment of children and adults. We also invite adult psychodramatists to come to Plovdiv and explore the brain and play with us.

It is time to gather again, to exchange ideas and to get new impulses. Come to Plovdiv, meet like-minded people and visit a beautiful city, your mind will play and get refreshed!

Network Group for Children and Youth Psychodrama Help for Ukrainian Psychodramatists

**FEPTO Network Group
organises**

Help for Ukrainian Psychodramatists

After the FEPTO Conference and the AM in Ohrid in May 2022, it became clear that there is a need for organised help for Ukrainian psychodramatists. Many colleagues became active and used personal contacts to offer support groups. Milena Mutafchieva, Reijo Kauppila and Stefan Flegelskamp raised funds to train 40 Ukrainians in Poland in their Trauma Stabilisation Program for children and parents (EBTS). Oded Nave, Marcia Karp, Anna Chestner, Judith Teszary, Maurizio Gasseau, Eduardo Verdu, Stefan Flegelskamp and many more are active and providing support groups with psychodrama online.

Network Group for Children and Youth Psychodrama Help for Ukrainian Psychodramatists

The Psychodrama with Children and Adolescents Network Group in FEPTO has been trying to identify the needs of the Ukrainian colleagues, to activate child and adolescent psychodramatists, to initiate and supervise joint projects. Six needs and projects have been identified by the Ukrainian co-workers Laryissa Pid-dubna. Viktor Mozgovoy and more than 15 FEPTO-members have been decided to lead the projects together with Ukrainian colleagues.

For the support workers, supervision will be offered by Agnes Dudler and Reijo Kauppila. With this example of organised help, we hope to encourage more colleagues within FEPTO to become active.

The Ukraine needs our help and this is only the beginning because the wounds are deep and will take a long time to heal.
